Crestwood Manor
Stockton

Crestwood Manor Stockton is a 190-bed Skilled Nursing Facility located in the Central Valley that has successfully served residents for more than 50 years. We provide 24-hour nursing care to residents that have primary medical issues, as well as mental health challenges, who benefit from a structured setting. Crestwood Manor is dedicated to providing a person-centered plan of care that is resident driven and focuses on an individualized path to wellness and recovery. In addition to our spacious campus, we provide supportive services through a Special Treatment Program and a Therapeutic Recreation Program.

programs

Skilled Nursing
Facility/Special
Treatment Program

At Crestwood Manor an array of activities is offered through our two programs, including Music Therapy, Wellness Recovery Action Plan (WRAP), Zumba classes, and Community Service Volunteer opportunities. Residents may also participate in offsite outings such as shopping, dinner and going to the movies, as well attending local events such as the Greek Festival and local Farmers Market. Each individual is also encouraged to pursue their own wellness through activities of choice including church and religious expression, gardening, aromatherapy, and relaxation techniques. The overall goal of Crestwood Manor’s services is to enable each resident to attain their highest level of physical and mental wellness and empower them to make their own life choices.
